

ANNUAL INDEX

VOLUME 131

A guide to articles, authors and "You Make the Call" answers from our 1994 issues.

SUBJECT INDEX

CASE REPORTS

- Advanced Coats' Disease in Small Child Warrants Enucleation—No. 9, p. 93
Asymptomatic Girl Exhibits Cavernous Hemangioma of the Retina—No. 8, p. 101
Chest X-ray, Elevated Ace Signal Sarcoidosis in Uveitis Patient—No. 8, p. 97
Debridement and Patching Resolve Corneal Burn from Electric Curling Iron—No. 7, p. 92
In Deep Water: Scuba Diving Mishap Causes Ocular Barotrauma—No. 10, p. 113
Inferior Punctoplasty Resolves Symptoms of Chronic Epiphora—No. 10, p. 117
Injuries from Electric Shock Ravage the Eyes—No. 6, p. 91
Naval Shipyard Workers Display High Incidence of Unusual Corneal Deposits—No. 7, p. 90
1994 Student Case Report Challenge Winners:
Ancillary Testing Helps Confirm Diagnosis of Orbital Pseudotumor—No. 3, p. 74
Homonymous Hemianopia MRI and CSF Findings Signal Probable Multiple Sclerosis—No. 3, p. 70
Recurrent Uveitis is Presenting Sign of Ocular Tuberculosis—No. 3, p. 78
Visual Symptoms, Clinical Findings Suggest Retrobulbar Optic Neuritis—No. 3, p. 76
Patient with Eyestrain Exhibits A-Pattern Exotropia and a Hyperdeviation—No. 11, p. 74
Posterior Polymorphous Dystrophy Patient Fit with Bitoric RGPs—No. 12, p. 49
Raeder's Paratrigeminal Neuralgia—No. 2, p. 73
Reiter's Syndrome: Self-limiting Clinical Triad—No. 1, p. 99
Screening Visual Field, Fundus Photo Comparison Confirm Optic Disc Hypoplasia—No. 5, p. 79
Trichotillomania: When Psychosis Affects the Eyes—No. 4, p. 108

CONTACT LENS FEATURES

- The Case for a New Approach to Contact Lens Fits and Fees—No. 1, p. 54
18th Annual Contact Lens Report:
Cosmetic Lenses: More than Just Masking the Problem—No. 4, p. 65
Fitting the Post-Op Cornea—No. 4, p. 93
Meet the Challenge of Fitting the Irregular Cornea—No. 4, p. 77

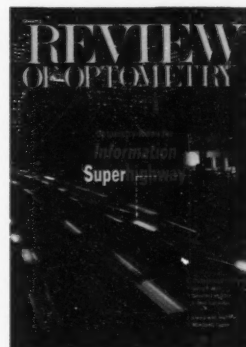

Ocular barotrauma—No. 10, p. 113

- When Contact Lenses Promote Corneal Healing—No. 4, p. 85
Frequent Replacement: It Works for Astigmats—No. 5, p. 35
If Contact Lenses Were Free, What Would You Charge?—No. 1, p. 55
New Solutions Don't Dilute the Old Rules—No. 9, p. 28
New Strategies for Screening RGPs—No. 2, p. 29
Six Principles for Making Sports Vision Work—No. 11, p. 29
16th Annual Contact Lens Care Guide—No. 11, p. 99
Take Another Look at Today's Ortho-K—No. 6, p. 43
10 Ways to Keep Rxs from Walking—No. 9, p. 59
Turning Fear into Fits: A Soft Touch with RGPs—No. 10, p. 69
What's So Good About One-Day Disposables?—No. 7, p. 31

FEATURES

- Eye Care in a Time Warp: A Doctor's Ukrainian Journal—No. 9, p. 51
Filling the Gaps Wal-Mart Can't Reach—No. 9, p. 69
Second Annual Computer Report:
Directory of E-mail Addresses—No. 9, p. 36
Where Optometrists Meet—Electronically—No. 9, p. 33

E-mail directory—No. 9, p. 33

INSTRUMENTS FEATURES

- 1994 Ophthalmic Suppliers and Sources, No. 3, p. 95
The Rules of Referrals for Diagnostic Tests—No. 6, p. 51
17th Annual Instruments Report:
Buyer's Guide to Automated Perimeters—No. 8, p. 56
Buyer's Guide to Computed Corneal Topography Systems—No. 8, p. 70
Nice Colors, but What Do They All Mean?—No. 8, p. 63
Perimetry Testing on the Cutting Edge—No. 8, p. 51
The Tools and Techniques for Advanced Primary Care—No. 1, p. 69
The Video Slit Lamp: It's Easier than You Think—No. 5, p. 47

NATIONAL PANEL REPORTS

- Autonomy in Glaucoma Treatment—No. 1, p. 11
Co-Management Ethics: Are Patients Your Priority?—No. 11, p. 36

Despite Obstacles, O.D.s Dilating More—No. 10, p. 74
 Doctors' Dilemma: To Raise or Hold—No. 5, p. 54
 14th Annual Fee Survey: O.D.s Step Toward a Balancing Act—No. 9, p. 56
 Income, Exams, Economy All Up, Say Panelists—No. 8, p. 10
 Most Doctors Would Say No Way to RK—No. 3, p. 41
 1994 Income Survey: More Work, Little More Money—No. 12, p. 25
 Optometrists Appear Sharp about Managing Personal Finances—No. 4, p. 8
 Staff Compensation Remains Panelists' Fastest-Rising Expense—No. 6, p. 10
 Third Parties Tighten Grip on Panelists—No. 2, p. 40
 Why O.D.s Don't Like Clinton's Health Reform—No. 7, p. 56

YOU MAKE THE CALL

December, 1993

Dilated exam discloses cause of blurred vision

Diagnosis: Neovascularization of the retina and disc secondary to uncontrolled diabetes

January, 1994

Black male reports periocular and lower facial pain

Diagnosis: Herpes zoster

February, 1994

Cataracts prevent detailed assessment of retinal changes

Diagnosis: Age-related macular degeneration

March, 1994

Dilated fundus exam discloses cause of vision compromise

Diagnosis: Glaucoma suspect

April, 1994

Slit lamp exam exposes cause of pain and other symptoms

Diagnosis: Dacryocystitis

May, 1994

Dilated fundus exam of 43-year-old male unveils suspicious signs

Diagnosis: Retinal hemorrhages associated with leukemia

June, 1994

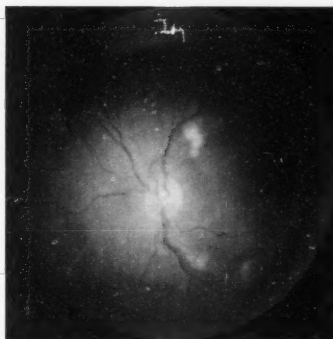

Fundus exam, fields help pinpoint cause of visual complaints

Diagnosis: Anterior ischemic optic neuropathy

July, 1994

Lingering lament: Fallout from fistfight felt for a fortnight

Diagnosis: Uveitis, orbital floor fracture due to trauma

Systemic lupus erythematosus—No. 8, p. 142

August, 1994

Dilated fundus exam unveils cause of blurred vision

Diagnosis: Systemic lupus erythematosus

September, 1994

Man seeks explanation for one-month history of intermittent tearing

Diagnosis: Basal cell carcinoma

October, 1994

Slit lamp assessment discloses cause of blurred vision

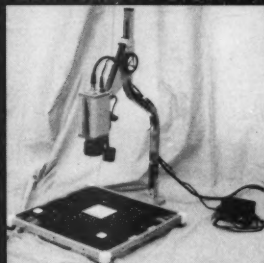

Diagnosis: Pigment dispersion syndrome, pigmentary glaucoma

November, 1994

Mail-order lens wearer presents with complaints of redness and irritation

Diagnosis: Multiple marginal corneal ulcers

**ENHANCE YOUR PROFITABILITY !
IMPROVE PATIENT RETENTION !
EXPAND YOUR PRACTICE !**

Add a new, exciting dimension to your practice by dispensing the OKAYA • VISION-AIDE electronic magnification system to your low vision patients at \$895.00 suggested retail !

OKAYA VISION-AIDE
AFFORDABLE
PERSONAL
Low Vision
Reading System

- Low Cost
- Magnification 8x - 25x
- X-Y Positioning Stage
- Write-Under Ability
- Uses Patients Television
- Reverse or Standard Image
- Large Depth of Field
- Cool Long-Life Light Source
- Low Operating Cost
- Simple Installation
- Free 800 Help Line
